

# List of Extra Covered Drugs

2023

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN.** The prescription drugs in this list are covered above and beyond the drugs in your plan's Part D *Formulary*.

**This booklet lists the “Extra Covered Drugs” included in your plan.**

**Your plan includes cough and cold medications, vitamins and minerals, and Erectile Dysfunction (ED) drugs that are not normally covered under a Part D plan.**

“Extra Covered Drugs” are separate from your Part D coverage. To get coverage for these additional drugs, you must have a prescription from your provider and have the prescription filled by the pharmacist. If you fill a prescription for one of these drugs, the cost does not count toward your True Out-of-Pocket (TrOOP) expenses. These drugs do not qualify for lower Part D catastrophic copays.

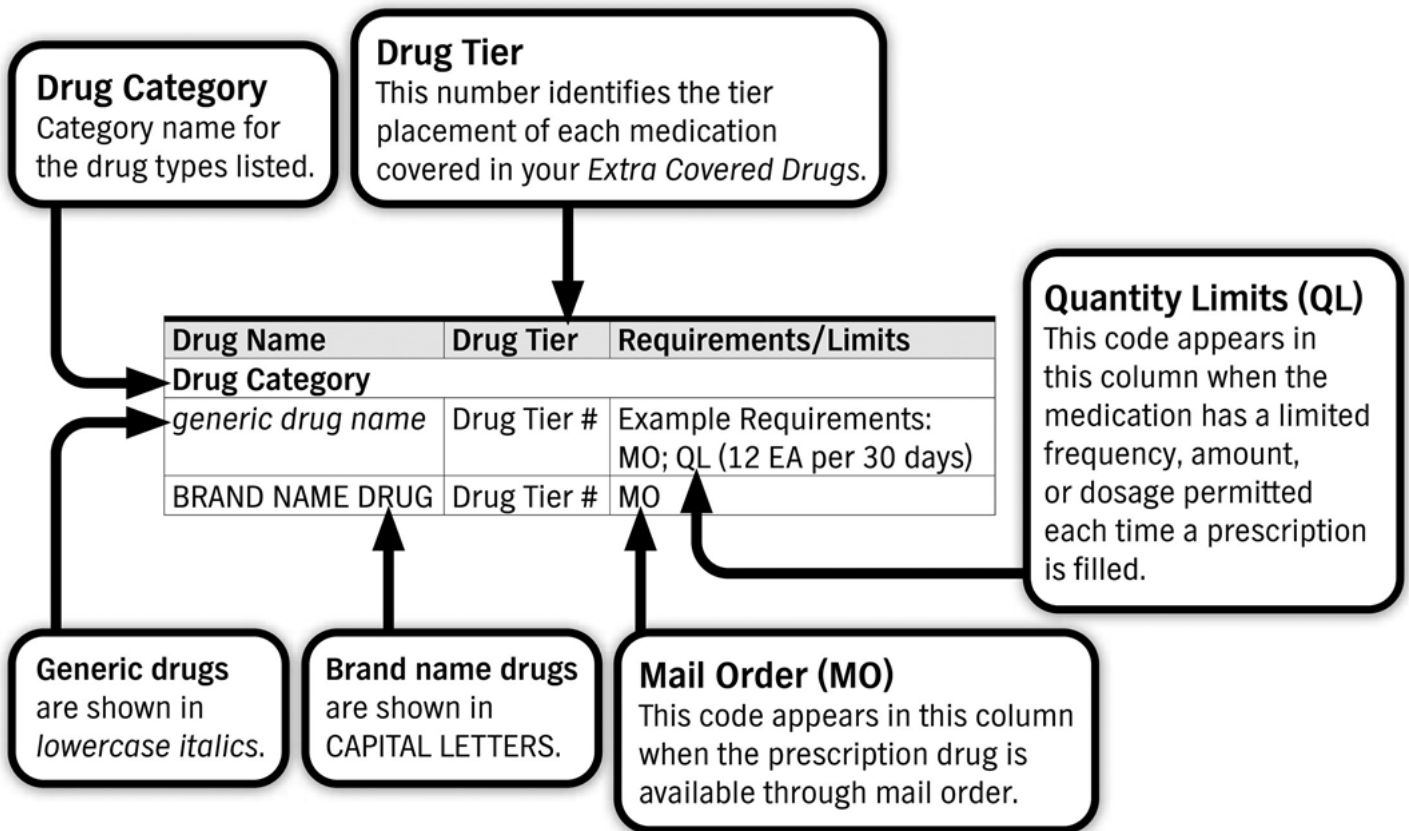

This list may change at any time. You will receive notice when necessary. For the full list of your covered Part D drugs, please refer to your *Formulary* booklet online at [www.anthem.com](http://www.anthem.com), or call the Pharmacy Member Services number listed on your plan membership card.

### **How do "Extra Covered Drugs" fit into your plan's prescription drug benefits?**

Like your covered Part D drugs, the cost you pay for “Extra Covered Drugs” is based on the assigned tier for each drug. You can find the tier number next to the drug name in the chart below. You can find the cost for each drug tier by checking the benefits chart in your *Evidence of Coverage* online at [www.anthem.com](http://www.anthem.com), or call the Pharmacy Member Services number listed on your plan membership card.

If you are receiving Medicare's “Extra Help” to pay for your prescriptions, this program will not lower your cost for these drugs.

Below you will find an example of how to read the list of “Extra Covered Drugs.”

We're here to answer your questions.

Please call Pharmacy Member Services at the number listed on your plan membership card if you have any questions about this benefit.

## List of Extra Covered Drugs

### Legend

Generic drugs are shown in lowercase italics.

Brand name drugs are shown in capital letters.

**QL - Quantity Limits:** Restricts the frequency, amount or dosage of medication for which you can obtain benefits each time you get a prescription filled. This is most often set on a monthly basis.

**MO - Mail Order:** Prescription drugs available through mail order.
