

Lowering prescription drug costs

With a new and improved preferred pharmacy network for you and your retirees

We've relaunched our preferred pharmacy offering to give your retirees a lower copay and better overall member experience.

A customized solution

Effective 2023, our new preferred pharmacy network has two cost-sharing options:

Option 1

Retirees may:

- Apply current copays as standard pharmacy copays.
- Reduce copays for preferred pharmacies.
- Pay less and reduce premiums.

Option 2

Retirees may:

- Apply current copays as preferred pharmacy copays.
- Continue to access standard pharmacies.
- Enable more premium savings for you.

How it works

Your retirees save when choosing a preferred pharmacy over a standard one, while your company pays lower prescription drug plan costs.
