- Preferred Retail Pharmacies:** Your retiree drug plan has a large nationwide retail pharmacy network, plus mail-order pharmacies for convenient home delivery. When you want to use a retail pharmacy, you will save on most fills if you choose to use one of the network's preferred retail pharmacies. Preferred retail pharmacies are identified in your Group Medicare prescription drug plan's pharmacy directory. The list of preferred pharmacies may change each January.
- Vaccines:** Medicare covers some vaccines under Medicare Part B medical coverage and other vaccines under Medicare Part D drug coverage. Vaccines for Flu, including H1N1, and Pneumonia are covered under Medicare medical coverage. Vaccines for Chicken Pox, Shingles, Tetanus, Diphtheria, Meningitis, Rabies, Polio, Yellow Fever, and Hepatitis A are covered under Medicare drug coverage. Hepatitis B is covered under drug coverage unless you fall into a high risk category, then it is covered under medical coverage. Other common vaccines are also covered under Medicare drug coverage for Medicare-eligible individuals under 65. You can fill your vaccines at a network pharmacy or they can be administered at a physician's office. However, the physician will only submit a claim for a Part B vaccine. If you want to get a Part D vaccine at your physician's office you will pay for the entire cost of the vaccine and its administration and then ask your drug plan to pay its share of the cost. Please see your *Evidence of Coverage* for complete details on what you pay for vaccines.
- Senior Rx Plus:** Your supplemental drug benefit is non-Medicare coverage that reduces the amount you pay, after your Group Part D benefits and the Coverage Gap Discount. The copay or coinsurance shown in this benefits chart is the amount you pay for covered drugs filled at network pharmacies.
